Professional Experience

Senior Talent Acquisition Manager, January 2025 – Present

Beacon Power Services, Ghana, Togo & Nigeria

- Own end-to-end recruitment cycle for technical and operational roles from job brief through offer negotiation and close.
- Build and maintain talent pipelines to meet current and future staffing needs, leveraging Greenhouse ATS and automation to streamline sourcing, screening, and hiring workflows.
- Serve as strategic thought partner to hiring managers, advising on role requirements, interview plans, compensation benchmarks, and timeline expectations.
- Define and enforce recruitment policies including hiring stages, assessment methods, and consistent decision frameworks to ensure quality and equity.

HR Superintendent, August 2024 – December 2025

Genser Energy, Ghana & Ivory Coast

- Led full-lifecycle recruitment and people operations across bilingual (French/English) multi-site environments in Ghana and Cote d'Ivoire
- Managed end-to-end talent lifecycle for 100+ local and expatriate employees including recruitment, onboarding, mobility, and workforce transitions.
- Served as strategic talent advisor to divisional leaders on workforce planning, team structure, compensation frameworks, and organizational design.
- Championed diversity and inclusion in all hiring efforts across multiple jurisdictions and Francophone/Anglophone cultural contexts.
- Managed employment documentation and hiring approvals aligned with Ivorian and Ghanaian labor regulations, ensuring full compliance.

Human Resources Associate, January 2023 – July 2024

Genser Energy, Accra, Ghana

- Maintained accurate, confidential employee records in BambooHR, achieving high data accuracy and improved HR reporting workflows.
- Managed external stakeholder relationships with statutory and regulatory bodies, ensuring adherence to employment and labor regulations
- Supported high-volume recruiting pipelines, contributing to sourcing strategy improvements and faster time-to-fill.

Human Resources Associate, August 2019 - December 2022

Genser Energy, Ouagadougou, Burkina Faso

- Delivered end-to-end recruiting for technical and non-technical roles in a French-language environment including sourcing, screening, interviewing, and closing candidates.
- Led international onboarding including visas, work permits, and coordination with government authorities across Francophone West Africa.
- Strengthened employer brand through values-driven candidate storytelling and engagement, achieving strong offer acceptance rates.
- Operated in a multilingual, multicultural environment requiring full French fluency and deep cross-border HR expertise.
